(4 3/4 in.). . That's true of all languages
and all people: a good orator is seldom,
and, sometimes, not. So it is with
pronunciation. Pronunciation is one of the
most important aspects of speaking and
listening in a foreign language. In the last
century, the education and well-being of
human beings depended on the ability to
speak a second language: many people
took up the challenge of learning to speak
a foreign language. But many people
today may have trouble with
pronunciation, and they may find their
communication is hindered by awkward

sounds. So it is with all cultures and all people: a good orator is seldom, and, sometimes, not.. Verb Morphology - English Pronunciation Made Simple - book. English pronunciation made simple -book.
