Incorporate comments from 3D CAD models for a design-ready solution. Use the improved Markup Assistant to generate graphics and B-rep surfaces directly from a 3D CAD model (video: 3:14 min.) Improved connections between networked AutoCAD and AutoCAD LT users: Users on different computers can easily share files. A folder containing AutoCAD or AutoCAD LT files can be shared among several computers, and files can be downloaded from the shared folder on other computers. AutoCAD and AutoCAD LT can now be installed on Windows 10 on laptops with a touch screen. There are no hardware or software changes required. (video: 1:29 min.) The AutoCAD and AutoCAD LT video drivers have been updated. This means you can use a larger monitor, a higher screen resolution, and a 3D display. (video: 1:29 min.)
