Australia. “Never in the history of warfare have so many lived so comfortably on so little.” This is how the recently published memoir *Open City* appears to start. It is written by Italian journalist Federico Vella, who spent five years of the Second World War living in the German-occupied city of L’Aquila, in modern Italy. He describes the book as an eyewitness account of the Italians, the Germans, the inhabitants of the city, and the Fascist Party. The narrative changes perspectives at times, and it is composed as a series of conversations or letters to his Italian mother and sister, both of whom he loved dearly. One of the first things that struck me about Vella’s book is that it was, first and foremost, a personal memoir of Italian resistance. This is, of course, immediately evident from his title, since if he was writing an “eyewitness account,” it certainly was not of the event or of the people involved. Instead, he seems to be defining the memory of Italians in the context of a Europe—then and now—that is rife with world wars, colonialism, imperialism, and fascism. “Throughout the first half of the 20th century, more than half of all the mass murders and massacres in the world occurred in Europe,” the author writes in the book’s introduction. “Every year saw at least one or more battles for colonies whose effects reverberated throughout the continent. In the decades that followed, the Soviet Union and the United States’ imperial appetites continued to challenge each other. The Cold War, like a malignant tumor, spread and metastasized throughout the world.” One of the book’s most compelling sections concerns the politics of the era, especially the rise of Benito Mussolini, who led the Fasc
